Limited Warranty-Parts and Labor

Hedrick's Chevrolet warrants all labor performed on your motor vehicles as set forth on the Repair Order for a period of 90 days or 4,000 miles-whichever comes first. This time period and mileage determination shall commence from the date the labor has been completed. All warranty work must be performed by Hedrick's Chevrolet at its place of business located at 961 W Shaw Ave, Clovis, CA 93612. To obtain any warranty work you must bring your motor vehicle to this address prior to the expiration of your warranty. This warranty is effective only if the motor vehicle is operated in a normal and ordinary manner. This warranty is no transferable and may be enforced only by you so long as you own the motor vehicle to which this labor has been performed. Any implied warranties you may be entitled to by law shall be limited in duration to the duration of the above described express warranty. Parts are warranted for 12 months or 12,000 miles-whichever comes first.

The suggested maintenance by Hedrick's Chevrolet equals or exceeds most factory recommendations.

The maintenance guide covers all the General Motors required maintenance services. Because of local driving conditions, the General Motors engineers that designed this maintenance schedule could not determine specific times or mileage of some important services that help maintain the performance, safety and dependability of your vehicle. The services listed above are additional services that the dealership recommends be performed based on your driving habits. Your service consultant will make specific recommendations of these services based on your service history and driving needs.
